COMPANY OVERVIEW

NHPS (PTY) Ltd is a reputable construction company specializing in road, civil and building construction projects. NHPS has established itself as a credible business with a wealth of expertise within the mining, construction and heavy industrial sectors. We pride ourselves on delivering innovative solutions and exceptional results.

Our main services are civil engineering construction, bulk earthworks, road and pipeline construction, concrete and bridge rehabilitation, industrial and process plants, mining (surface and underground), mining infrastructure and the design and construction of turnkey industrial projects. Driven by a strong leadership team, including recognised technical and operational expertise, NHPS delivers solutions across South Africa. Incorporated into the NHPS Game Plan is our shared vision, core values, leadership philosophy and the vital elements that guide our performance and behaviour.

OUR STRENGTHS

- Women-majority shareholder structure, promoting diversity and inclusivity;
- Expertise in civil engineering and road construction;
- Professional team with a proven track record of delivering projects on time and within budget; and
- Commitment to safety, quality and environmental management through our SHEQ system.

OUR CREDENTIALS

- **Level 2 BBBEE Contributor:** We are committed to contributing to the growth and development of the South African economy through our B-BBEE initiatives.
- **NHBRC Registration:** We are registered with the National Home Builders Registration Council (NHBRC) with registration number 3000152358, ensuring that our home building services meet the highest standards of quality and professionalism.
- **CIDB Registration:** We are registered with the Construction Industry Development Board (CIDB) with registration number 10085875 and grades PE 6CE and 5GB, demonstrating our capability and competence in delivering construction projects.

Our Team

Our team of qualified civil engineers has over 50 years combined experience in the construction industry, ensuring that our clients receive the best possible service. Our team is professional, dedicated and committed to delivering results consistently.

01 OUR GOAL

Our goal is to improve society and work together with various associates to achieve milestone goals and make sustainable changes along the way. We strive to create a better future for all through our work.

03 OUR VISION

To become one of the renowned construction companies in South Africa, recognized for our expertise, stability and reliability.

02 OUR MOTTO

- **Experts:** We are experts in our field, with a deep understanding of the construction industry.
- **Stable:** We are a stable and reliable partner, committed to delivering high-quality services.
- **Reliable:** We are reliable and trustworthy, with a proven track record of delivering projects on time and within budget.

04 OUR MISSION

To provide value-added construction services to our clients by creating successful partnerships, exceeding expectations and gaining trust through exceptional performance.

We are committed to delivering projects within time frames and embracing accountability for various projects. This is achieved through the implementation of a SHEQ management system, exceeding client expectations, and full compliance with client requirements.

OUR SERVICES

We offer a range of Construction services, including:

- Civil Engineering Construction,
- Bulk Earthworks,
- Road and Pipeline Construction,
- Concrete and Bridge Rehabilitation,
- Industrial and Process Plants,
- Mining (Surface and Underground),
- Mining Infrastructure; and
- Design and Construction of Turnkey Industrial Projects.

OUR APPROACH

At NHPS, we prioritize:

- Client satisfaction through exceptional service and quality delivery;
- Innovation and continuous improvement in our methods and strategies;
- Safety and risk management in all our projects; and
- Building lasting relationships with our clients and stakeholders.

OUR COMMITMENT TO SAFETY

We take safety very seriously and strive to maintain a Lost Time Injury (LTI) free status. We prioritize the safety of our employees, clients, and the general public in all our operations.

HEALTH AND SAFETY POLICY

At NHPS, we prioritize the health and safety of our employees, clients, and the general public. Our health and safety policy is designed to ensure that we provide a safe working environment and minimize the risk of accidents and injuries. Our health and safety measures include:

- **Risk Assessments:** We conduct regular risk assessments to identify potential hazards and implement controls to mitigate risks.
- **Safety Training:** We provide regular safety training to our employees, ensuring that they are equipped to work safely and efficiently.
- **Personal Protective Equipment (PPE):** We provide PPE to our employees, ensuring that they are protected from hazards on construction sites.
- **Incident Reporting:** We have a robust incident reporting system, ensuring that incidents are reported and investigated promptly.
